

With Nautilus One and Nautilus Two through the island world of the Maldives

The Maldives – “the sunny side of life” – 1,190 islands – some inhabited, some uninhabited – await you. The Nautilus One and Nautilus Two safari boats bring you into the most beautiful atolls.

Diving in the Maldives, for many a dream - we bring you closer to realising your dream with our homepage.

Marvellously lush coral gardens and countless varieties of fish can be found everywhere in the Maldives. At water temperatures from 29 to 31 degrees you can easily leave your thick “Neoprene suit” at home. You will have a “WHALE of a time” on coral reefs with many large fish, the diversity of which can now only be found in a few places around the globe.

We offer you top quality dive safaris on our homepage www.maldives-divesafari.com.

The safari boats built in traditional Maldivian style with a spaciousness that distinguishes them nicely from other boats. In the above-average space offering the service provided is with a capital “S” and a bit of Austrian comfort can also be felt onboard, which is the result of an intensive collaboration with Bunte Urlaubswelt travel agency from Schörfling, particularly Alois Männer. Exclusive offers only available on these ships include not only fresh draught beer and chilled international wines, but also Kaiserschmarrn and other Austrian dishes and international delicacies.

You can make an enquiry, a non-binding [reservation or final booking](#) on our www.maldives-divesafari.com website and thus ensure your liveaboard on the two safari boats Nautilus One and Nautilus Two!

Don't just dream it –book it ... !
